Add Email

An email notification will go to the email you specify. You can have more than one email listed.

A text message notification will go to the cell phone as a text message. Again, you can have more than one cell phone listed.

An App Notification will show on the screen of your phone when you are going to log into your phone. You may have seen this type of notification from other applications, such as when the operating system on your phone needs to be upgraded. This will not be available for all types of cell phones.

The other option is to have a notification show up when you first log into Online Banking - Secure Inbox. These will also show in the Sent Alerts area.

Now you can go to Alert Options. There are many categories to choose from.

Create and edit any alerts.

SECURITY

Get alerts if someone changes your information or is trying to get access to your online banking.

BALANCE

Get low balance alerts to avoid overdrafts, maintain rewards and high balance alerts to know when you have money to invest.

TRANSACTION

Get alerts when deposits, checks, or withdrawals post to your account.

TRANSFERS

Get alerts when large incoming or outgoing transfers post to your account.

LOANS

Get alerts when a payment is due, past due, has been paid or when any loan activity occurs. Know if you exceed your credit limit.

ATM/DEBIT CARD

Get alerts when ATM/Debit Card transactions and changes occur.

CERTIFICATES

Get alerts when your certificate of deposit is about to mature so you can decide whether to renew or cash out. Also know when a new CD is funded.

OTHER

Get alerts when something unexpected happens.

Here are the Transaction category options:

TRANSACTION

Get alerts when deposits, checks, or withdrawals post to your account.

Transaction equal to threshold amount (1)	ACH Withdrawal (debit) over threshold amount	Check number XXXX cleared (1)
Credit transaction was posted	Debit transaction was posted	Interest was paid to an account
Number of money market withdrawals was exceeded	Withdrawal over threshold amount occurred	ACH Deposit (credit) transaction
Transaction over threshold amount	Any Check number cleared my account	Recent transactions

How to set up an Alert:

This shows the Check number XXXX cleared alert set up box.

You would enter the number of the check and then how you want to be notified –

- Text message to your cell phone
- Notification to your cell phone app
- Secure Inbox
- Email notification

You can choose one or multiple number of these types of alert notifications.

Check number XXXX cleared

When a check number posts to this account:	Is equal to this number:	Send an alert to:
Sherry's checking XXX061	<input type="text" value="0000"/>	<input type="checkbox"/> +1 (920) <input type="text" value=""/> <input type="checkbox"/> Sherry?s iPhone app notification <input type="checkbox"/> Secure inbox <input type="checkbox"/> smckee@bankwithpremier.com

Remember to go to the bottom of the page and click on SAVE when setting up an alert.
